This agreement concerning the terms of access to and use of statistical data is made between **The Investment Funds Institute Of Canada** (hereinafter referred to as "IFIC") and the Data Subscriber that has executed this Agreement on page 5 (hereinafter referred to as "**User**").

WHEREAS IFIC collects Data from Data Contributors, either directly or through third-party service providers;

AND WHEREAS User is an entity that wishes to be provided access to Data by IFIC (defined below as a "Data Subscriber").

AND WHEREAS this Agreement establishes the terms and conditions on which IFIC will make available Data, and the terms on which User, as a Data Subscriber, will receive or be granted access to Data, and the use that User is permitted to make of the Data, an asset over which IFIC retains all intellectual property rights. For greater certainty, all rights not expressly granted under this Agreement are reserved to IFIC.

The Parties agree as follows:

A. DEFINITIONS:

For greater certainty, no investment fund or investment fund manager offering NI 81-102 funds is permitted to be a Data Subscriber unless prior consent of IFIC's Board of Directors is obtained.

3. It is acknowledged that User may also receive directly from individual Data Contributors and other market participants those firms' own statistical data. The audit may include entry onto User's premises for purposes of observing User's use of the Data and such other inspection as IFIC deems necessary, subject to User's security and safety requirements. User will provide reasonable resources to enable IFIC to complete its audit as required. In addition to any other remedy available to IFIC under this Agreement, User shall be obligated to pay fees in addition to those otherwise set forth herein, for any use of the Data revealed by such audits to have been unauthorized under this Agreement for such period of unauthorized use.

D. CONFIDENTIALITY OF DATA

User, as with all recipients of Data from IFIC, acknowledges that Detailed Fund Data to which it has access contains material non-public information belonging to Data Contributors. Accordingly User shall treat the Data as confidential and shall take all reasonable steps to protect the Data and use it solely in accordance with the restrictions and conditions in this Agreement.

IFIC receives all Data on an AS-IS basis. Although IFIC will take reasonable care to maintain Data at least as accurately as it was received, IFIC does not certify the Data and makes no express or implied representations or warranties of any kind, including as to whether the Data is accurate or error-free, the onus of which remains with the Data Contributor that has provided the Data. IFIC will also take reasonable steps to ensure that the data files which it releases contain the correct Data; but IFIC shall not be responsible for any error of inclusion or omission in any file, other than to correct such error as soon as is reasonably possible.

F. NO LIABILITY FOR DATA

Notwithstanding any other provision of this Agreement, User assumes all risk of damage and loss resulting from the use of the Data, and to the maximum extent permitted by law, under no circumstances, and in no event, will IFIC or any of its employees be liable to User or any other person for any direct or indirect damage or loss arising from, connected with or relating to Data or User's use or intended use of Data (including the accuracy, completeness or timeliness of the Data, or any delays, interruptions or omissions in Data, or IFIC's inability to provide Data in whole or in part at any time in the future).

H. INDEMNITY

During and indefinitely after the term of this Agreement, User will defend, indemnify and hold harmless IFIC and its representatives, and Data Contributors and their representatives, jointly and severally, from and against any and all third party claims and proceedings directly or indirectly arising from, connected with or relating to User's use of the Data, or the results of such use, or any negligence, misconduct or breach of this Agreement by User or any person for whom User is responsible under this Agreement or at law.
